Individual / Household

Participation Questionnaire

TIME
CAPSULE
PROJECT

Please use this form to provide
yourself or your household's
insights. All sections are voluntary,
allowing you to contribute in a way
that best reflects your perspective.

Welcome

Category Information

In this category we welcome submissions from individual villagers and/or their households. This is perhaps the most significant part of the Time Capsule project as this is the means whereby the "voices" of individual villagers can be heard. We encourage those making submissions to be as open – even outrageous (!) - as possible. Your opinions, concerns, attitudes and emotions are of real historical interest in understanding our village society. There is great interest in knowing how you really feel about living in Hambledon and why you choose to do so.

For those who are not comfortable with using computers etc then we will try to make arrangements to capture your input with video and voice recordings. Every villager has a unique contribution to make either on their own account or as part of a household within the parish.

Types of Input

The questionnaire that follows will help in providing some basic information along with sections that you can write as much or as little as you wish about what it is like to live in Hambledon.

Future readers will be interested to know more about your views and life in Hambledon. You might wish to address a range of topics –

- Recently moved here? – what attracted you and why, or perhaps long term residents/family
- Your opinions about issues in the village – parking and traffic, planning and possible developments, the future for the shop/pub/school, house prices, accessibility for younger people etc...
- Community events and activities – do you participate? What do you like/do/support
- A diary of events and activities, how about "a day in the life of" capturing your everyday experience – car wont start? Kids not ready for school? Lawnmower broken? Etc...

Your personal views, and your attitudes and opinions will be valuable to future historians and add richness to the insights they gain. Everything you submit will be treated as Private until it is released in 2076.

How to Submit

As well as this questionnaire, we welcome any supporting photographs of aspects of your home, garden and the village. Wherever possible, please note the names of people in the photos. We also welcome scans of documents etc. You can upload these, along with this questionnaire on the website at <https://hhgtimecapsule.com>. Please use the guidelines for file and data storage and if you need any assistance, there are contact details on there. We are here to help so please just ask.
